

The background of the entire slide is a dense, overlapping field of 3D-rendered numbers (0-9) in various shades of blue and white. The numbers are of different sizes and are oriented in various directions, creating a sense of depth and movement. A solid black rectangular box is positioned on the right side of the slide, containing the title and authors' names in white text.

Desenvolvimento de Jogos para SNES em Java

- Game Engine (JavaSNES framework)
- O Jogo Pink Wall
- Exemplos e Documentação

The background of the entire slide is a dense field of 3D-rendered numbers in various shades of blue and white. The numbers are of different sizes and are scattered across the frame, creating a sense of depth and movement. Some numbers are in the foreground, appearing larger and more detailed, while others are in the background, appearing smaller and more faded. The overall effect is a vibrant, digital-looking texture.

Por que o Super
Nintendo?

JavaSNES Framework – O motor do jogo

- ◆ SnesInstruction (Abstrato).
- ◆ Variações de SnesInstruction para variáveis, if-else, loops e operadores (SnesFor, OperatorAnd, SnesIf e OperatorAdd são alguns exemplos).
- ◆ SnesProcess e Processor.
- ◆ AppData e Data, Boot e SnesBootCommand, Make, Make.MakeRule e MemoryMapping.
- ◆ App.Builder e uso de classe Config para organização.

The background of the slide is a dense field of 3D-rendered numbers in various shades of blue and white. The numbers are of different sizes and are scattered across the frame, creating a sense of depth and movement. Some numbers are in the foreground, appearing larger and more detailed, while others are in the background, appearing smaller and more faded. The overall effect is a dynamic and abstract representation of data or information.

Pink Wall

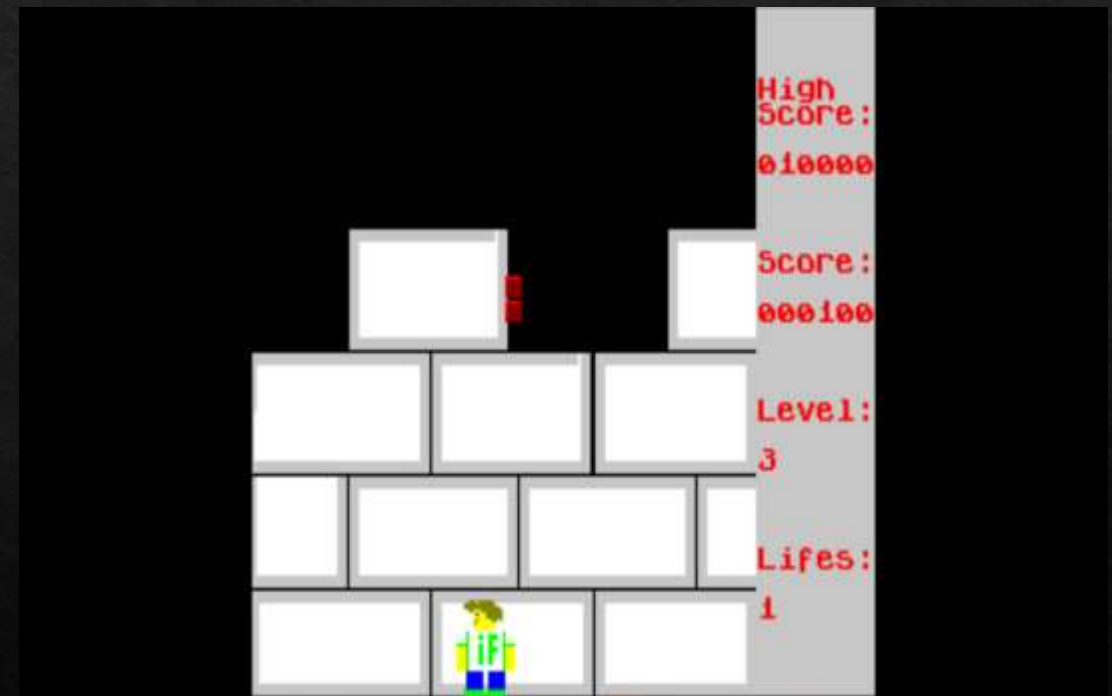

Jogabilidade

e

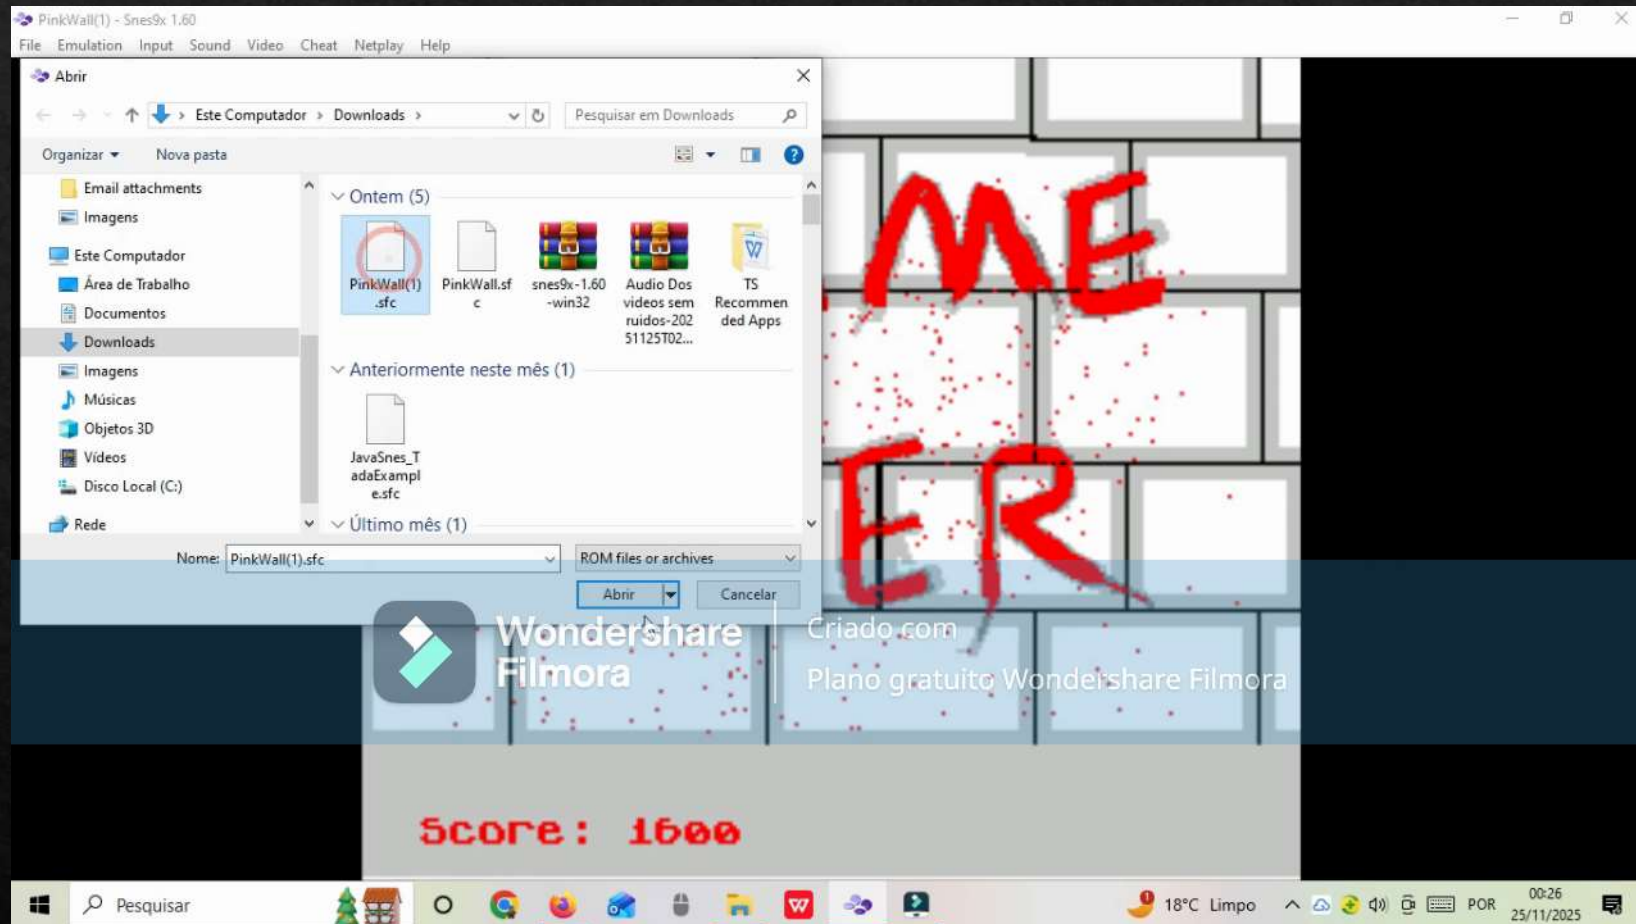

Motivação

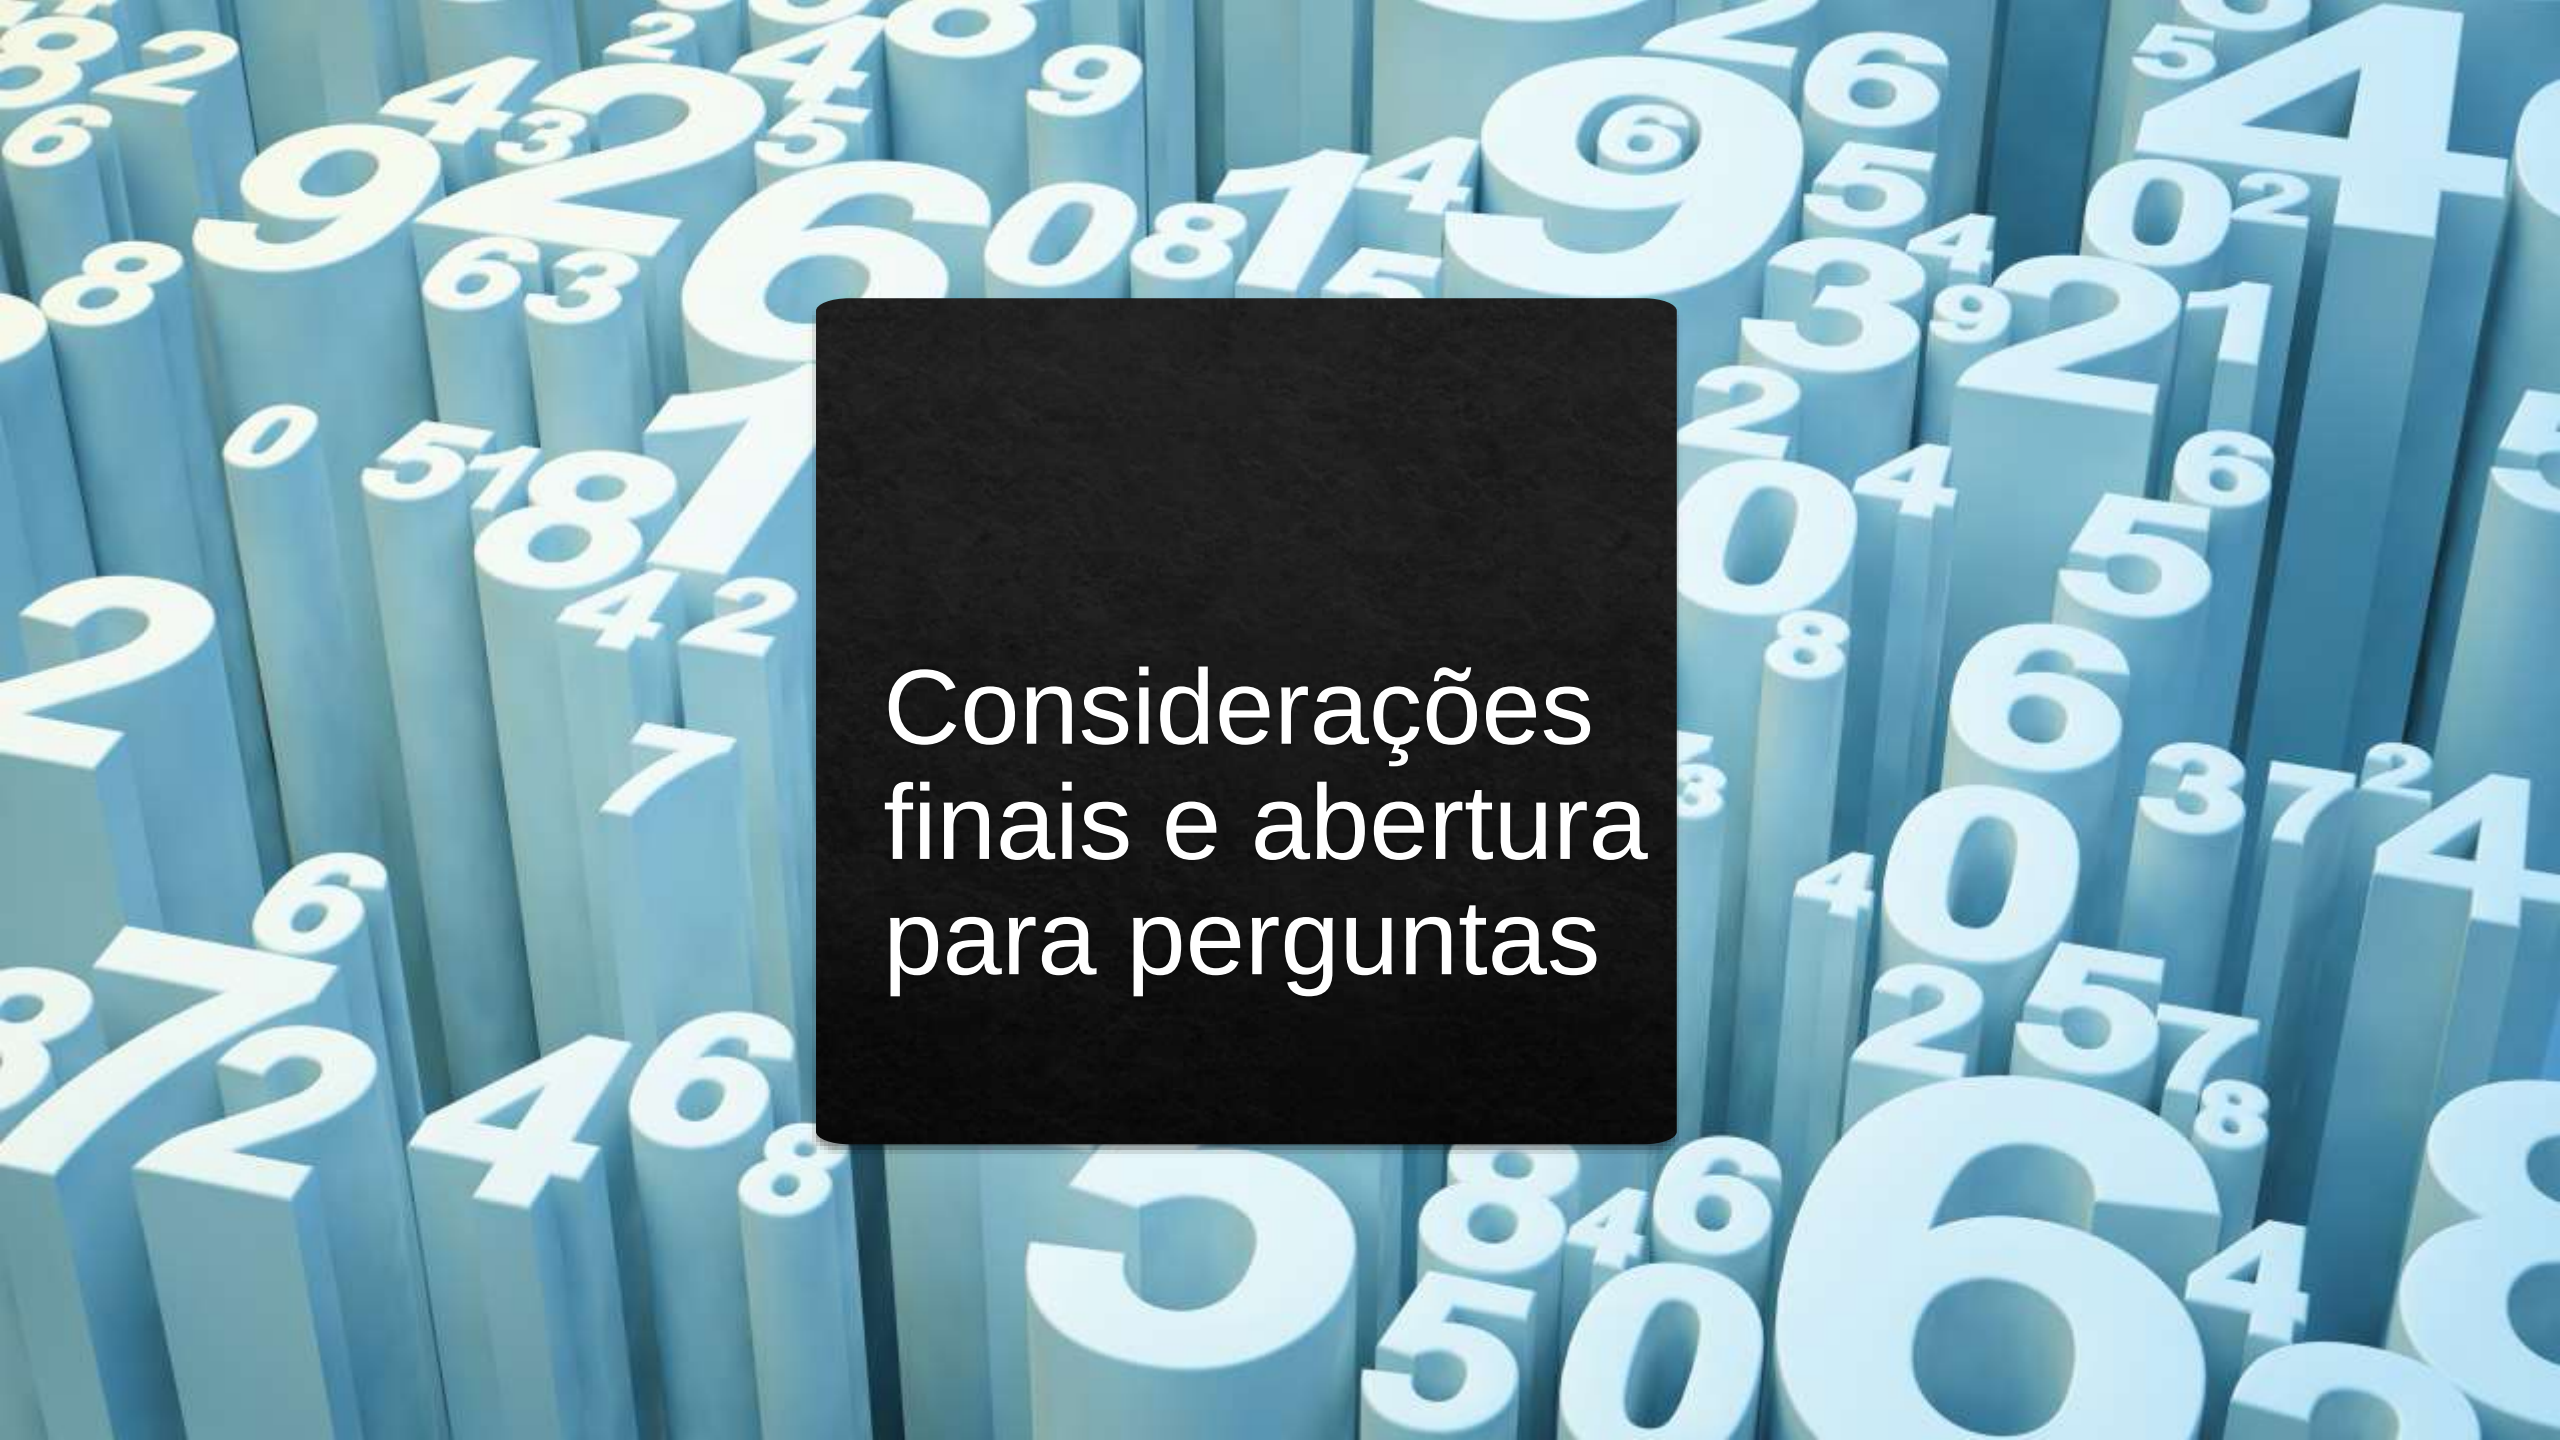

Como jogar o PinkWall

- Baixe a ROM(.sfc) o PinkWall da última versão no repositório: <https://github.com/LucianoCSiqueira/pinkwall>
- Baixe um Emulador de SNES para seu Hardware, por exemplo Snes9x que tem ports para PS2, PS3, PC e dispositivos móveis.
- Abra a ROM usando o seu emulador e comece a jogar.
- Pressione Start para começar o jogo.
- Movimente o Bip, o Pink, para os lados para coletar os tijolos, não deixe-os cair no chão, se não você irá perder a fase, e o muro ficará mais alto.
- Se você perder suas vidas, o muro ficará tão alto que você não conseguirá sair, e irá para a tela de game over, pressione start para voltar à tela inicial.

Gameplay de PinkWall

The background of the slide is a dense field of three-dimensional numbers (0-9) in various shades of blue and white, creating a sense of depth and data. A solid black rectangle is centered on the slide, containing white text.
